

An All-in-One Digital Centre for Business Growth

The Halal Integrated (HIP) developed by Halal Development Corporation (HDC) is an online networking platform that connects industry players to global halal players, equipping businesses with the competitive edge to tap into the ever-growing halal market while expanding market reach globally.

Primary Role

To expand members' market reach and trade capabilities from local to global.

Aspiration

To be the single largest digital halal platform that connects industry players to governments, businesses and consumers.

Objectives & Purposes

- Uplifting HIP members to trade and compete internationally.
- Providing access for halal businesses to government facilities through state and federal agencies.
- Establishing an online marketplace for halal products, exclusively for registered members.

How can HIP help businesses?

Customised Halal Consultancy

Comprehensive halal advisory relevant to business' needs

Halal Industry Training

Complete understanding on the fundamentals of halal and its requirements to achieve best practices in the halal industry

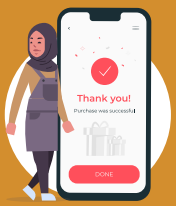

Funding Facilitation

Access to financial resources for business

Halal Ingredient Database

Access to high-quality halal ingredients that meet the Shariah-standard

e-Marketplace

Access to online platform which allows business transactions

Online Advertising and Promotion

Easy to promote and advertise products online to larger audience

Online Business Networking and Matching

Connect with other business players and grow market reach

Talent-Job Match

Explore talents and hire workers that fit current needs
